

Rock, Paper, Scissors...Gun!

This game is great fun. It's a variation on Scissors, Paper, Stone / Rock, Paper, Scissors. You can play it with two to five people.

All players sit in a circle. Tap your hands on your knees to count 1-2-3, and then raise your hands to show your action. There are three actions you can take:

| Shoot – both hands pointing forward. | Shield – crossing your arms in front of you. | Reload – raising hands to shoulders. |
|---|---|---|
|  |  |  |

- If you shoot someone who is reloading or shooting someone else, you score one point.
- If you shoot someone who is shielding, there is no score.
- If you shoot someone who is shooting you, both of your scores go down to zero.
- Each time you shoot you must reload – but if you reload twice, you can get two consecutive shots. You can't reload more than twice.
